

## **Available Business Assistance Programs**

### **Local/Municipal**

#### **Tax Increment Financing (TIF) Districts**

Will County is home to 42 different TIF districts in 18 communities. Illinois law allows units of local governments the ability to designate areas within their jurisdiction as [TIF](#) districts. These specially designated districts are used by local governments as a way to spur economic growth by dedicating the sales tax revenues and additional property tax revenues generated within the TIF for improvements within the district with the hope of encouraging new economic development and jobs.

#### **Other Local Incentives**

Municipalities may offer local incentives such as permit and impact fee waivers, accelerated permit review and approval, building façade and other improvement grants, sales tax sharing, and other options. Business assistance is dependent upon project qualifications and each municipality must approve projects.

Contact [Doug Pryor, Vice President of Economic Development](#), to learn more about incentives available to you through state, county or local programs focused on businesses growth and job creation.
